

# clariti® 1 day toric

Great value and high breathability<sup>1</sup> in a convenient daily disposable contact lens.

CooperVision®  
Live Brightly.®

If you have astigmatism, are health-conscious and are looking for an affordable, high-performing contact lens that will keep you feeling good about your wallet and your eyes, look no further than clariti® 1 day toric contact lenses—from CooperVision, a world leader in toric contact lenses.

With clariti 1 day toric, you can be confident that your eye health is supported because you replace each lens daily, it has a built-in UV blocker\* and it's made with a healthy lens material that delivers 100% of the oxygen your eyes need.<sup>††1</sup> While wearing clariti® 1 day toric contact lenses, you'll enjoy great vision<sup>2</sup>, dependable stability and a comfortable lens-wearing experience, all at a price that'll make you smile.

## Replacement Schedule

Daily

## Corrects

Astigmatism

## The features you'll love

- CooperVision® toric design provides a consistently stable fit you can depend on.
- Soft silicone hydrogel lens material with high breathability helps keep your eyes healthy and white.<sup>†1</sup>
- WetLoc® Technology and high water content help keep your contact lenses moist, supporting excellent all-day comfort.
- UV blocker helps protect your eyes against the transmission of ultraviolet rays, helping support your eye health.\*

\* Warning: UV-absorbing contact lenses are not substitutes for protective UV-absorbing eyewear, such as UV-absorbing goggles or sunglasses, because they do not completely cover the eye and surrounding area. Patients should continue to use UV-absorbing eyewear as directed.

† During daily wear.

‡ With higher oxygen permeability than hydrogel materials, silicone hydrogel contact lenses minimize or eliminate hypoxia-related signs and symptoms during lens wear.
